### 3. TEST REPORTS:

#### LIFERAFT TYPE TESTS

| Number      | Title  | Issue | Date       |
|-------------|--|-------|------------|
| ---         | Tests performed on the Liferaft                                    | F     | 03/11/2020 |
| BE 021/2014 | Additional Test with Test Subjects having an average mass of 100kg | ---   | 16/06/2014 |
| 10054/C14   | Markings on the Liferaft Label                                     | ---   | 17/07/2014 |

Additional tests have been performed on the 150 TO SR liferafts with test Subjects having an average mass of 100kg which is greater than the 82,5kg :(Jump test, Towing test, Loading and Seating test, Boarding test, Stability test, Manoeuvrability test and Damage test)

#### TOWING FORCE

|                  | With the sea anchor deployed | Without the sea anchor deployed |
|------------------|------------------------------|---------------------------------|
| Towed at 2 knots | 319 daN                      | 273 daN                         |
| Towed at 3 knots | 568 daN                      | 481 daN                         |

#### TESTS ACCORDING TO THE RECOMMENDATIONS OF THE GUIDELINES MSC.1/CIRC.1328

| Number | Title  | Issue | Date       |
|--------|--|-------|------------|
| ---    | Tableau récapitulatif des essais EPS (EPS Tests Summary) | ---   | 28/05/2013 |

### 4. APPLICATION / LIMITATION:

- As per requirements stated on front page of this certificate.
- Maximum capacity:150 persons.
- The maintenance of the liferaft shall be carried out according by service stations, approved by a Recognized Organisation of Transport Canada, according to the IMO Resolution A.761 (18) as amended and with instructions stated in the Manual(s) for installation use and maintenance.

| Maximum stowage height (m) | Container             | Pack | Weight (kg) |
|----------------------------|-----------------------|------|-------------|
| 25                         | Cylindrical container | A    | 994         |
|                            |                       | B    | 845         |
| 18                         | Valise                | A    | 930         |

**5. PRODUCTION SURVEY REQUIREMENTS:**

5.1 - Liferafts are to be supplied by **Survitec SAS, France** in compliance with the type described in this certificate.

5.2 - This type of product is within the category HBV of Bureau Veritas Rule Note NR320 and as such does not require a BV product certificate.

5.3 - **Survitec SAS, France** has to make the necessary arrangements to have its works recognised by Bureau Veritas in compliance with the requirements of NR320 for HBV products.

The manufacturer shall institute a quality control procedure to ensure that the inflatable liferaft are produced to the same standard as the approved prototype and shall keep records of any production tests carried out in accordance with instructions given in IMO Resolution MSC.81 (70) Part 2.

Each equipment, or batch of equipment, is to be supplied with its Manual(s) for Installation, use & maintenance and instructions for servicing stations for frequency and tests to be carried out according to IMO Resolution A.761(18). The servicing stations must be approved by a Recognized Organisation of Transport Canada and must be recognized by the manufacturer according to IMO Resolution A.761(18), for their competences to service and repack such life-rafts.

5.4 - For information, **Survitec SAS, France** has declared to Bureau Veritas the following production site(s):

**Survitec SAS**

Route de Chatenet 17210 Chevanceaux - France

**6. MARKING OF PRODUCT:**

Instructions, Diagrams, Markings illustrating the use of the **Liferafts** shall be printed indelibly (to be both in English and in French).

| Markings on container                            | Markings on inflatable liferaft  |
|--|--|
| Maker's name or trade mark.                      |  |
| Serial Number                                    |  |
| Name of approving authority                      |  |
| BV type approval certificate number              |  |
| Number of persons it is permitted to carry       | Number of persons it is permitted to accommodate over each entrance, in characters not less than 100 mm in height of a colour contrasting with that of the liferaft. |
| Date when last serviced                          | Name and place of servicing station where it was last serviced   |
| Type of emergency pack enclosed                  | Date of manufacture (month and year)   |
| Length of painter                                |  |
| Maximum permitted stowage height above waterline |  |
| Launching instructions                           |  |
| SOLAS  |  |

Provision shall be made for marking each liferaft with the name and port of resitry of the ship to which it is to be fitted, in such a form that the ship identification can be changed at any time without opening the container.

In addition, liferafts subject to extended service intervals pursuant to SOLAS regulation III/20.8.3 should be marked to indicate that they have been approved and certified for extended service intervals in accordance with the guidelines MSC.1/Circ.1328.

**7. OTHERS:**

It is **Survitec SAS, France's** responsibility to inform shipbuilders or their sub-contractors of the proper methods of fitting, use and general maintenance of the approved equipment and the conditions of this approval.

This certificate supersedes the previous Type Examination Certificate No.42913/A0 BV issued on 07/12/2015 by the Society.

This type of liferaft may be subject to **extended service intervals** on Canadian non-Convention vessels considering that liferafts are:

- serviced at an approved servicing station at intervals not exceeding 30 months for the first 10 years of their service lives, and thereafter at the frequency required by SOLAS regulation III/20.8.1.1.
- inspected on board by inspection personnel in accordance with the provisions of the MSC.1/Circ.1328 and the instructions of the manufacturer at intervals not exceeding 12 months from the last service or onboard inspection and for the first 10 years of their service life.
